

# ULP STRIKE ON

**CCA staff have been negotiating in good faith for over 2 years while the CCA administration violates federal labor law.**  
*Enough is enough. It's time to STRIKE.*

Make a plan to join the San Francisco and Oakland picket lines. Lunch will be provided each day, and there will be creative art activities as well. Adjuncts and students will be striking in sympathy alongside us.  
Bring your colleagues, friends, and family to support! Please, wear a mask!

## OUR STRIKE IS A LEGAL UNFAIR LABOR PRACTICE ULP STRIKE.

This means that we are striking because CCA administration has committed unfair labor practices--violations of federal labor law.

Striking does not mean taking the day off. It does not mean working from home.  
Striking means we withhold our labor and come out to hold the picket lines.  
Honoring a picket line means withholding your labor--even if you don't work on campus.
